application is
17 December 2024

PROJECT

Thai-German Cooperation on Energy, Mobility and Climate (TGC EMC)

OPEN POSITION

Research Assistant (Policy and Stakeholder Engagement Specialist)

Research Assistant will work within Work Package 1.5 - Sustainable Battery Value Chain of the transport sector under the TGC EMC project. The role emphasizes policy and stakeholder engagement to support sustainable practices in the battery value chain of the transport sector.

QUALIFICATIONS

- Master's degree in Environmental Science or a related field.
- Knowledge of policy analysis and regulatory frameworks.
- Excellent communication and interpersonal skills for stakeholder engagement.
- Strong research and writing skills, with experience in policy analysis preferred

RESPONSIBILITIES

- Research policies, regulations, and best practices related to sustainable battery production, usage, and end-of-life management.
- Analyze gaps of battery value chain improvements in the transport sector.
- Develop policy recommendations to promote sustainable practices within the Thai context.
- Facilitate communication and engagement with stakeholders, including government agencies, industry players, and research institutions.
- Support the design and implementation of capacity-building initiatives, workshops, and stakeholder meetings.
- Assist in drafting reports and policy briefs to disseminate research findings and recommendations.

ONLY SHORTLISTED CANDIDATES WILL BE CONTACTED.
