Technology  
Thonburi

## PROJECT

Thai-German Cooperation on Energy, Mobility,  
and Climate (TGC-EMC) – Industrial sector

## OPEN POSITION

- Research Assistant

The deadline for application  
is 13 December 2024.

Only shortlisted candidates  
will be contacted.

## CALL FOR INTEREST (QUALIFICATIONS)

- Master's degree related to at least one of the following fields: energy, climate change, environment, finance, or economics.
- At least 1 year of professional experience in the energy sector or related field ideally working on topics related to energy, climate change, or innovation.
- Ability to quickly establish dependable working relationships within the own organization and with external counterparts.
- Independent working style with a strong team orientation.
- Experience in working with Thai ministries, in public administration or in an international organization as well as knowledge of political and administrative processes is a strong advantage.
- Very good presentation and communication skills.

## RESPONSIBILITIES

- Conduct project planning, coordination, and implementation.  
This includes the following:
  - Research on official documents and publications where necessary (e.g., policies, regulations, technical papers) for internal team's knowledge management and for external communication
  - Prepare project reports, presentations, and other documentation in particular on key technical and policy topics as well as on essential project documents such as reporting to donors.
  - Participate actively in coordination work with key partners/ stakeholders and in particular the TGC EMC consortium and public partners.
- Undertake project administration: internal documents and meetings.
